NEWS FLASH

OCTOBER 19, 2010

Many people have received emails telling them that there is a problem processing their tax return or payment or refund.

These emails are scams! Do not open them! If you get one of these emails, destroy it immediately!

Remember: The IRS *never communicates by email*, and *rarely* communicates by telephone. If you ever get a phone call from someone claiming to be from the IRS, get the person's full name, office location, and Badge or ID number. Then call us *immediately!*

Of course, you should always forward any letters you get from the IRS (or their State equivalents) to us before you respond in any way.

Please feel free to call or write if you have any questions.
